I was told after honestly explaining to employees that I am a felon and have an open case that I most likely will not be hired after the background examination. These jobs included a gas station, janitorial work and even a warehouse. I also very much believe I'm discriminated against because of my race and being Muslim. I live in Rocky Hill, CT and honestly speaking in my address there is NOT ONE young African American Male working ANYWHERE in the area. This is a great concern of mine. Thank you for your time and consideration.
